

### Year 3 Isolation work pack

If you are self-isolating and feel well enough to complete some work, please have a go at these:

- Mathematics – Have a go at both live mathematics as well as some place value/ number activities. I can see how many points you have earned and hope to be able to print some certificates out.
- TT Rockstars
- Daily reading at home – remember you don't have to read just your normal reading book, try a newspaper or comic (if you can get hold of one) also online books are good.
- Weekly spelling lists – please practise these!

During Term 1 and 2, our Topic is the Stone Age to the Iron Age. Please can you create a research project about the comparisons between these times. You could explore the differences between the weapons/ tools used, where they lived, how they dressed, what daily life was like or anything else that you are interested in. This project can be presented in anyway you would like, including: poster, slideshow, movie, animation on Scratch – please be as creative as you can!

Can't wait to see you soon!

Mr Cox and Miss Roche
