

Year 5 Isolation Work Pack

If you are self-isolating and feel well enough to complete some work, please have a go at these:

- Live Mathletics – I can see how many points you have earned and hope to be able to print some certificates out.
- TT Rockstars
- Daily reading at home – remember you don't have to read just your normal reading book, try a newspaper or comic (if you can get hold of one). You could also read online books as well.
- Practise your weekly spellings (these are available to view on the school website).

During Term 1, our Topic is Ancient Greece. Please can you find out as much as you can about this subject, creating a small research project. You may wish to look into areas such as: clothes, food, climate, etc.

This project can be presented in anyway you would like, including: poster, slideshow, movie, animation on Scratch – please be as creative as you can!

We are looking forward to seeing you again soon!

Mrs Bailey and Miss McGuire
